

WHERE INFORMATION TECHNOLOGY LIVES

Ontario is where bold ideas come to life, tackling some of the biggest challenges the world has ever seen. In a time where ingenuity is more important than ever, Ontario is a place where the new economy is emerging in force – where revolutionary products are made, and global business leaders proudly call home.

Home to the 2nd largest IT cluster in North America, Ontario is where industry giants like Amazon, IBM, Google, Cisco and Shopify invest in major R&D operations. In addition to the investment potential of the province, international buyers have discovered that Ontario IT companies can provide high-quality, highly advanced technologies and services at very competitive prices.

THE TOP 5 REASONS TO CHOOSE ONTARIO

1. TALENT

Ontario's number one advantage is its people. Some of the best and brightest minds choose to call Ontario their home. In fact, 69% of adults possess a post-secondary education – a rate higher than any OECD country.

2. INNOVATION AND RECOGNIZED QUALITY

Ontario has one of the most unique and collaborative innovation ecosystems on the planet where business, academia and government work together to drive revolutionary ideas to market. Home to top research institutions and pioneers in modern artificial intelligence, Ontario attracts some of the largest tech companies in the world to conduct business in Ontario.

3. COMPETITIVE COSTS

Ontario has some of the lowest corporate tax rates in North America where small and medium-sized manufacturers can also save up to 50% on their after-tax R&D expenditures. Global customers can source high quality products that are extremely cost competitive.

4. ACCESS TO GLOBAL MARKETS

Open for business to the entire world, Ontario has free trade agreements with 50 countries and is only a short distance from major U.S. hubs.

5. DIVERSITY

Ontario has welcomed people from over 150 countries and over 200 languages are spoken here. Ontario also has a highly diversified economy with a wide array of industry sectors.

We wanted to build a global tech company with an HQ in Ottawa, Ontario... I'm proud to announce that we've hired our 1,000th employee right here in Canada's capital."
