ONTARIO EXPERTISE AND LEADERSHIP

The same pioneering spirit that led to the discovery of insulin in Ontario decades ago is now leading to game-changing technologies such as 3D bioprinters and techniques to boost stem cell renewal.

THE TOP 5 REASONS TO CHOOSE ONTARIO

1. TALENT

Ontario's number one advantage is its people. Some of the best and brightest minds choose to call Ontario their home. In fact, 69% of adults possess a post-secondary education – a rate higher than any OECD country.

2. INNOVATION AND RECOGNIZED QUALITY

Ontario has one of the most unique and collaborative innovation ecosystems on the planet where business, academia and government work together to drive revolutionary ideas to market. Medical devices made in Ontario must meet stringent ISO 13485 quality management standards.

3. COMPETITIVE COSTS

Ontario has some of the lowest corporate tax rates in North America while small and medium-sized manufacturers can save up to 50% on their after-tax R&D expenditures. Global customers can source high quality products that are extremely cost competitive.

4. ACCESS TO GLOBAL MARKETS

Open for business to the entire world, Ontario has free trade agreements with 50 countries and is only a short distance from major U.S. hubs.

5. DIVERSITY

Ontario has welcomed people from over 150 countries and over 200 languages are spoken here. Ontario also has a highly diversified economy with a wide array of industry sectors.

We have to be where innovation happens – and Ontario is that place.”
